

## Summer is Almost Upon Us!

Thanks for opening our newsletter. I know it's hard to believe but it really is almost summer. I'm sure most of you are already planning for your summer programs. If you are looking to upgrade your equipment, [Howell to Sports](#) is here to assist.

As you review the remainder of our newsletter you will find a few product updates, some articles for your review and a question that the first person to provide the correct answer (along with your name and ship to address) will win, FREE, the book "[Stronger Abs and Back](#)" by Dean & Greg Brittenham. We will ship this book at no charge to the first person with the correct answer to the question below. Thanks for reading!

### Question: Fill in the blank

The trunk and lower torso constitute over \_\_\_\_\_% of the body's total mass.

## Are these Products part of your Summer projects?

Windscreens are an affordable way to promote your brand, display upcoming games and events, and create privacy. The windscreen is commonly mounted on fences and is used to enclose tennis and pickleball

courts, practice fields, batting cages, as well as, along baseball outfield fences. It is a great way to close off a field or work area from prying eyes and to separate fields or courts from commercial or residential areas. In addition, it helps provide security, eliminate distractions, and blocks unsightly views. We would welcome the opportunity to discuss your windscreens, call **Ed at 856-381-8888** or e-mail to [ed@howelltosports.com](mailto:ed@howelltosports.com)
