

## It's Not too Soon to Think About Fall Sports

I hesitate to bring this to your attention before this school year is over BUT, as you are well aware due to the logistic problems, equipment delays are still abounding. The production time for our scoreboards is currently 8-10 weeks. I think our production time is about the norm for almost all large products.

All that being said, Howell to Sports, would welcome the opportunity to meet/speak with you regarding your fall plans. **Please call me at 856-381-8888 or e-mail [ed@howelltosports.com](mailto:ed@howelltosports.com)** and I will reply immediately.

Please take a few minutes to continue reading below to see how we can help. I look forward to speaking with you and hope you have a great finish to this school year!

## Need to Upgrade your Current Scoreboard? We can help!

### Single Score Converter

Control The On-Field Scoreboard With Your Mobile Device.

With a SingleScore converter and a mobile device running the SingleScore app, scoring a game has never been easier. An intuitive interface that looks like

the scoreboard you are controlling will get you up to speed quickly. The SingleScore app is currently available for Baseball, Football, Basketball, Hockey, and Soccer scoring. Sport specific scoring enables quicker, more accurate scoring. Running on a mobile device means fewer buttons to push, and no more resetting the board in the middle of a game to correct a mistake. Tap or swipe to update the scoreboard, it's that easy.

Want to share game status. SingleScore offers an embeddable widget that you can add to your website. Now fans anywhere can follow the progress of the game - as its happening. Create a virtual scoreboard and see for yourself.

Whether you're looking for a replacement for your current controller or console, trying to make scoring easier for your scorekeepers, or allow fans to keep up with the action, a SingleScore converter can help. Get a SingleScore converter today.

SingleScore converters are compatible with over a 150 models of Electro-Mech scoreboards, and many Fair-Play scoreboards, including wired and wireless models. We also support wired Daktronics scoreboards. SingleScore converters interface with the scoreboards and the correct version must be purchased to match the Scoreboard you wish to control. Please give us a **call at 856-381-8888** or **e-mail to [ed@howelltosports.com](mailto:ed@howelltosports.com)** and we can give you more information on this brand new product.

# Some Additional Facility Upgrades

## A new Windscreen for Your Facility.

Windscreens are commonly mounted on fences and are used to enclose tennis and pickleball courts, practice fields, batting cages, as well as, along baseball outfield fences. It is a great way to close off a field or work area from prying eyes and to separate fields or courts from commercial or residential areas. In addition, it helps provide security, eliminate distractions, and blocks unsightly views. Windscreens are an affordable way to promote your brand, display upcoming games and events, and create privacy.

## New Wall Padding Makes your Facility Stand Out

Our padding systems protect players from virtually any surface from simple flat walls to columns, doorways and overhead obstructions, both indoor and outdoor. With a wide variety of foams, fabrics, backing substrates and mounting methods, we will help you provide the padding system that best satisfies your needs.
