

Howell to Sports Vision Training

Thanks for opening and clicking through our latest newsletter. If you are currently doing vision training or are considering adding this to your training then we would love to help. We have been training athletes for over twenty years and are confident we can improve your game, whatever it is.

Please take a look at these links if you need more convincing.

[**Proof That Better Vision Leads to Increased Sports Performance**](#)

[**Air Force Study Confirms Efficacy of Vision Training**](#)

[**Brain-training game improves vision and success of baseball players**](#)

[**Training day: How to work out like Stephen Curry**](#)

[**Improved vision and on-field performance in baseball through perceptual learning**](#)

Then, take a look at [**our store**](#) for some great vision products. Thanks again!

**Kind regards,
Company / Team**

[**DVA Pickleball Kit**](#)

HUGE SALE!

Although we call this a DVA Pickleball Kit, this program can be used for all sports. The DVA Pickleball kit will improve your Pickleball game as well as your Dynamic Visual Acuity. It includes (1) mini vision ring, (1) wrist bounce back ball, (1) 6' Phy-Dip string, (1) set of vision charts and (1) red/blue glasses. Instructions are also included.

AND, for a limited time, you can get this kit for LESS THAN half price. Click here and we'll take you to the page to order.

Thanks again for reading and have a great day!
