

See the SVP Training Kits!

Thanks for opening our newsletter. If you are a regular reader of our newsletters you know that I have long wanted to add instructional videos to help you get the most effective use of our vision training products. That day is finally here.

Howell to Sports has partnered with **Sports Vision Pros** to help you with your training. We have 2 kits, the **Essential Kit** and the **Advanced Kit**. For a limited time you can purchase these at \$20 off the regular price. This sale will end April 15.

Along with these kits you will be granted access to **Sports Vision Pros** library of drills for these products. This is a great opportunity to access some excellent performance training products and learn from the Sports Vision Pros. Please e-mail ed at ed@howelltosports.com with any questions. Thanks again and have a great day!

**Kind regards,
Company / Team**
